DISCUSSION:

- Bryce read a letter that was in each member’s meeting packet stating his resignation of Town Supervisor effective September 1, 2018. He has sold his home in the town and will no longer be a Taylor resident.
- Bryce asked about the crusher run that was originally supposed to be in the new building. It is not there but Beach Hill had to move poles once the door size was decided it needed to be changed. They did not charge for the change order in place of the crusher run. NYSEG is waiting on our payment for the electric and then they will turn on the power. The electrical inspection has been completed. Discussion on paying Beach Hill the remaining balance since there is no crusher run but they did move 4 poles, all agreed yes.
- Discussion about the whether to advertise on getting a price for removing of the Town Line Bridge. All decided to just leave the bridge alone. It has been closed according to the State’s standards and been re-inspected on the closing of it. Chris will just have to be sure to check on it more often to make sure barriers are not being moved.
- The 2 overhead doors that are the wrong size originally ordered need to be advertised and sold. They are 12x14 in size. Paid \$1,100 original cost, will take reasonable offers.
- Total damage to the loader from the accident is roughly 9 thousand. Insurance will cover a little over 3 thousand. Bryce will follow up with Sprague.
- Monroe picked the loader up today to take back and put the new glass in.
- Highway department monthly mileage was looked at by board members.
