PUBLIC COMMENT:

Larry spoke to the board about work being done on the removal of the town line bridge. He had met with the DEC and everything is ok to continue work. All the steel is cleaned up and gone along with the decking. The decking was pressure treated so it was disposed of properly. The seeding and mulching will be done by November 30. In May as discussed with DEC he will slope the banks back and plant with shrubs and grass on the Taylor side. Cincinnatus will put up signs and barricades as they received CHIPS money for the road. Larry will make a turnaround for traffic. After seeding & mulching is done Larry will be in touch with DEC to approve. His original contract is at this time completed. He will move forward with a new proposal and will also provide notice from Contentos that the steel has been disposed of properly.
